**MINI BIOGRAPHY:**

**I currently have a son in Year 2 at Downview and my daughter will join Sept next year. I work for Network Rail as a Project Sponsor, which is a bit like being the Headteacher of projects but with not so many children (at least in age!).**

**I went to school in Felpham a number of years ago now, before moving to London and Portsmouth. I returned to Bognor in 2007 and joined the Police. I was a Police Officer/Detective for 12 years and loved it, mostly. At the end of 2019 I decided I needed a change and wanted my evenings and weekends back!**

**My husband was also brought up in Felpham and our son is joining Beavers with the same leader as my husband had x number of years ago! I love the idea of giving back to the community that raised me and helping in any way I can to support the school that is doing a wonderful job of educating my son.**

**My favourite thing about Downview Primary School:**
