

NAME: Tim Jacob

TYPE OF GOVERNOR: Parent

MINI BIOGRAPHY:

I've lived in Felpham for nearly 16 years now, re-locating from Surrey due to work. I've had my own business (importing plants from all over Europe for sales to UK Garden Centres, Multiples etc.) for coming up to 6 years and prior/during this time have managed a number of large wholesale and retail companies.

As a parent of 5, their education has always, and will always, be an important part of my life. My 3 eldest girls have now all completed their formal education, the youngest graduating from Exeter University last year. I've experienced the benefits as a parent of a well managed and professionally run Primary and Secondary school and seen the positive impact this has on the children, their wellbeing, happiness and performance.

I'm an impartial, fair, listening type of person that's keen to see that things are done to the highest of standards. I'm keen to contribute wherever I can and be a part of what seems to be the fantastic "Downview Primary family".

Likes:

Honesty, openness, kindness, compassion, hearing a child laugh, long dog walks, travel (when we can!) and red wine.

Dislikes:

Dishonesty, narrow mindedness, selfishness, gravy, winter (unless it snows!)

My favourite thing about Downview Primary School:

The friendly, warm, welcoming staff – a smile and a warm welcome go a long way in making things "better" :O)
