

Dear Parents,

This is an overview of our learning activities for this half term. This overview shows you what we shall be covering in our topic within the 17 areas of learning. Overleaf we have put some suggested activities that you MAY wish to try with your child. This will vary FOR EACH CHILD; for example some children will be working with numbers to 10 and others to 20. We also encourage you to hear your child read and write in many ways.
