

Literacy

During this term we will be focusing on a key text called "Running Wild" by Michael Morpurgo. We will be using the story to learn about the tsunami that hit Indonesia in 2004 and produce explanatory texts about the science behind them.

We will also be reading and analyzing the story in our class reading sessions. The story will also lead onto comprehension based activities involving the poem 'The Tyger' by William Blake.

The children will have many opportunities to be creative in their writing, from narrative to poetry and non-chronological report writing.

Maths

We will continue to develop written and mental strategies for all four operations to improve speed and accuracy in our maths sessions as well as weekly arithmetic lessons.

We will also be working on

- Decimals
- Percentages
- Measurements
- Algebra
- Ratio
- Geometry

During this term we will be thinking about which areas of maths are still a concern and we will try to revisit these before SAT's.

Geography

We will be looking at what causes tsunamis and using atlases to locate places around the world that are most affected by these use waves. We will also investigate the effects of climate change on the planet

Running Wild

Art

We shall be exploring different types of weather using different media as well as recreating the famous 'The Great Wave' by Japanese artist Katsushika Hokusai.

Computing

This term the children will learning about internet safety and will get the chance to write their own blog.

RE

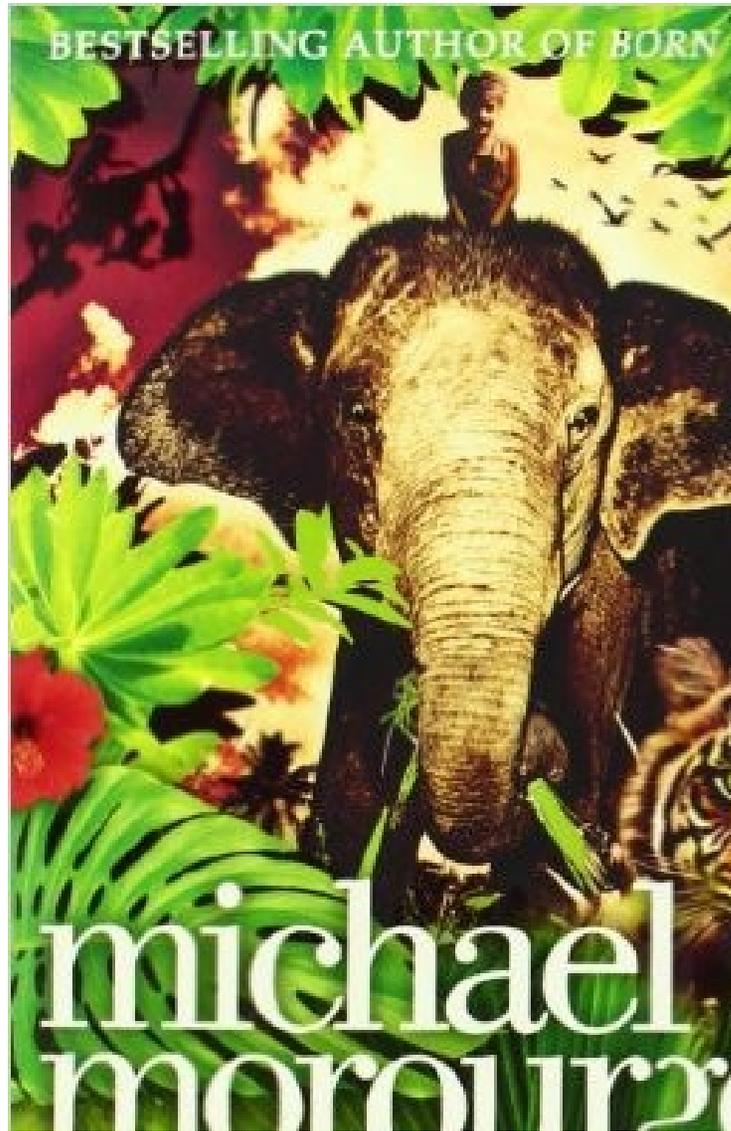

Our focus in RE is on Buddhism and exploring the key elements of the religion.

PE

This terms P.E. gives us the opportunity to develop our skills of circuit training and outdoor orienteering.

Science

We will be learning about Evolution and Inheritance in science this term. The children will be given a chance to investigate how animals have adapted to their environments.

Running Wild

Year 6

Spring 2020
