

Literacy

We will be reading the text 'Wonder' by R. J. Palacio and responding to what we read in writing as well as in whole class reading sessions.

The children will be writing diary entries, autobiographies and exploring the feelings of characters within the book.

DT

In DT we are designing cushions that we will be sewing out of felt. We will be making templates to get the right shapes for our design and learning a variety of stitches to sew the whole thing together. We will finish by stuffing the cushion with wadding.

Science

We will be learning about the circulatory system, healthy lifestyles and the impact of drugs and alcohol on the human body.

PE

We will be learning new athletic skills in preparation for Sports Day as well as team games, including rounders and scatterball.

Maths

We will continue to develop written and mental strategies for all four operations to improve speed and accuracy in our maths sessions as well as weekly arithmetic lessons.

We will also be working on

- Geometry - properties of shapes and angles in a triangle
- Statistics - line graphs, pie charts and mean average

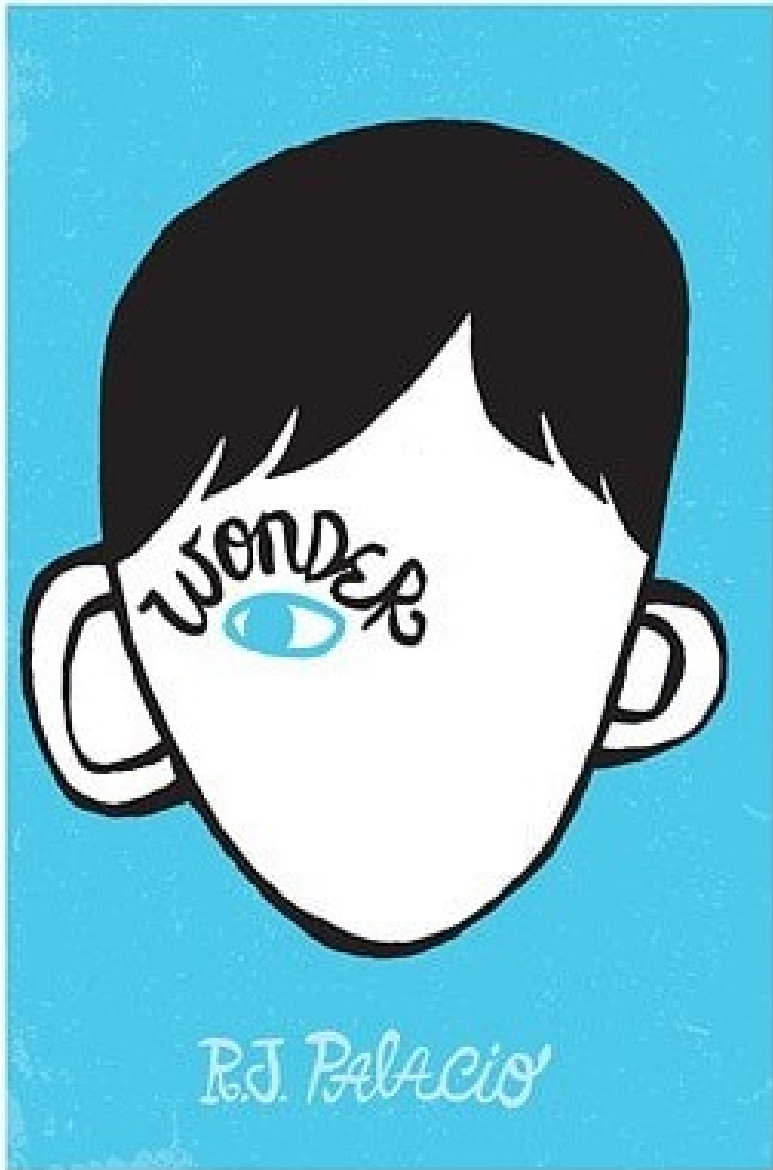

Wonder

History

We will be learning about Ancient Egypt this term and will have the chance to dress up for an Egyptian Day. We will be learning about the mummification process, hieroglyphics, the Pharaohs and the importance of the River Nile during these times.

Transition to secondary school

We hope that the children will get to visit their new schools this term. We will be creating year books so that the children can reflect on their time at Downview. We hope that the children will have
